Subject: Failure to Abate Cessation Order and Withdrawal of Permit Approval, United Stone and Design, United Stone Quarry, S/047/0079, Uintah County, Utah

Dear Mr. Farley:

The attached Failure to Abate Cessation Order is issued for failure to abate Cessation Order MC-2008-59-01. A mandatory minimum civil penalty of \$750.00 per day until it is abated (for a maximum of 30 days) will be assessed. Continued mining operations at the site may result in a 'willful and knowing' violation, which can be assessed a penalty of up to \$10,000 per day. Civil penalties may be recovered in a civil action brought by the attorney general of Utah at the request of the Board of Oil, Gas and Mining.

On June 24, 2008, you received via certified mail, Cessation Order #MC-2008-59-01, which was issued for failure to provide full reclamation surety for your United Stone Quarry (DOGM Permit # S/049/0079) within the agreed schedule. To abate this violation, you were required to remit the remaining \$7,200.00 within a two-week period. To date, the Division has not received this payment.

Pursuant to UCA 40-8-16(b) and R647-3-111.1.11, effective immediately, the acceptance of your Notice of Intention to Conduct Small Mining Operations for the United Stone Quarry (DOGM File # S/047/0079) is withdrawn. You no longer have authority to conduct mining related activities or removal of product from the site. You are hereby directed to commence reclamation of your site in a timely manner and have reclamation work completed within 90 days. Failure to complete reclamation may result in additional enforcement action.

The Division is taking this action at this time, since you have failed to provide the required reclamation surety for this site. This action does not negate any obligation you may currently have for remitting permit fees, abating outstanding violations, or payment of assessed civil penalties for violations or cessation orders.

As per UCA 40-8-16(3) and R647-3-111.1.11, you have a right to appeal this action and request a formal hearing on the matter. To do so, you must file a written request to appeal within 10 days of your receipt of this notice.

Contact Julie Carter, Administrative Secretary, at (801) 538-5277, if you wish to exercise your right to appeal this decision before the Board of Oil, Gas and Mining. She can provide you with appropriate guidance and assistance in preparing your formal Hearing request. Your failure to file such a request may preclude you from further participation, appeal, or judicial review with regard to this action. If you choose not to appeal this proposed Notice of Agency Action, the Division's decision will become final.

If you have any questions regarding this Notice you may contact me at (801) 538-5320, or Paul Baker 538-5261.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dana Dean', with a long horizontal flourish extending to the right.

Dana Dean, P.E.  
Associate Director, Mining
